CHARITY AUCTION PRIZES

We have a charity scheme whereby we provide any of our experiences to the auction at "cost price". These experiences can be given to any registered charity, and can then be auctioned at your discretion. We work with hundreds of activity providers and we are more than happy to offer these experiences to you at the price that we pay.

The logistics of our voucher scheme also allows the invoice to be created after the event, meaning that you do not have to pay for the experiences that you have sold until after the auction. This means that you are under no obligation to purchase the experience unless you actually make over the cost price.

We have offered this scheme for a number of years now, and have supported a great number of charities during this time. We have enjoyed supplying the vouchers to the auction winners once they have sold, and it would appear as though the desirable nature of our experiences make for great auction items.
